Seoul – June 21, 2024 – Get ready for summer in the 1st Anniversary content update for *BrownDust2*, published by NEOWIZ and developed by GAMFS N Co., LTD. Unveiled in a [special livestream](#), GAMFS N Co., LTD. CEO Jun-hee Lee shared the game roadmap for the anniversary and content update for the second half of 2024. Starting June 22, the *BrownDust2* community can experience the seasonal event featuring new characters, costumes, and more.

As a thank you to fans, the Summer Knight event pack is back with a rerun of the limited costumes for Justia and Scheherazade. The pack will be available for four weeks, starting on June 20. Players can continue the storyline in the new seasonal event, Post: Summer Knight, which picks up with a sudden monster attack following the conclusion of the Summer Knight tournament. The season event pack introduces characters Laid-back Lifeguard Nebris and DJ Venaka in pool party costumes, as well as returning fan favorites Maria and Mamonir.

Voted as the popularity poll winner during the Half Anniversary event, Dalvi also makes a splash in the new Summer Vacation Dalvi costume. The swimsuit will be gifted to all players participating in the 1st Anniversary event. Participants can fully upgrade their characters with a total of six outfits during the anniversary update.

Coming July 4, players will reach the final destination for Justia and her party in Story Pack 14: "Trial by Ordeal." The last chapter of the second season takes place in the sacred city of Arcadia, where popular characters Michaela and Angelic make an appearance. Justia will also receive a new character look and combat theme to celebrate the 1st Anniversary.

More details were shared on the roguelike content, Evil Castle: Tower of Salvation. Players have a choice of five random 5-star characters to use, and each season will introduce a target score for players to achieve collectively for shared fun.

The last update for the 1st Anniversary event welcomes the highly-requested guild system. Players can create or join guilds after completing Story Pack 3, enabling them to unlock rewards and access the ability to chat and exchange emotes with members. Guild Raids debut later this year and will allow guild members to join forces and defeat massive bosses.
