

## Neowiz's Mobile Game 'Cats & Soup' Launches its Pink Christmas Update

*More holiday cheer is coming to Cats & Soup with the introduction of a new limited-time cat*

**SEOUL – December 20, 2024** – Following the announcement of its Pink Christmas update in early December, *Cats & Soup* is adding more content to its delightfully pink-tinted holiday vibe. One update fans can look forward to is a new limited-time cat, Sunlight Shorthair, who embodies the essence of warmth and holiday cheer.

The update brings added charm with new facilities. Cats can now enjoy slicing pomegranates in the new Slicing Pomegranates cooking facility or bounce around on the Jumping Ball rest area for playful fun. Plus, a range of Pink Christmas-themed items, including new friends, special guests, costumes, and facility skins, are available until January 15.

Players have until Wednesday, Jan. 8, to access a rewarding main event to collect Photo Pieces for unlocking new travel photos for Baby Kitties and earn festive-themed facility skins. The event is accessible through the in-game event popup page.

In response to community feedback, the Baby Kitty content received a revamp. Now, Baby Kitty can embark on adventures without the need for travel items. Other features in the update include a new shop, new currency and items, and an updated Baby Kitty Feed system.
