*Discover Anne's magical childhood experience in the new Rilla's Storybook update, featuring behind-the-scenes stories from "Anne of Green Gables"*

**SOUTH KOREA – March 25, 2025** – NEOWIZ is delighted to share the latest update for its mobile match-3 puzzle game, *Oh My Anne*. The enchanting Rilla's Storybook content provides a fresh take on the beloved classic "Anne of Green Gables."

Join Anne as she takes on motherhood to share magical stories from her youth with her daughter, Rilla. This update also introduces a new storyline called 'The Secret of the Mansion,' which follows Anne, her friend Diana, and Diana's sister, Minnie May, on a heartfelt adventure. The storyline was chosen based on user feedback from a recent social poll, with more community-supported content to come in the future.

To unlock Rilla's Storybook, players need to earn in-game currency through the match-3 puzzle gameplay. Each unlocked tale is saved in a storybook format, allowing a variety of charming stories to be revisited at any time. This special content will be available until Wednesday, Apr. 16. Exclusive item coupons to enhance the experience will also be available through the game's official [Instagram account](#).

*Oh My Anne* is developed by NEOWIZ's ROUND8 studio and features a warm narrative that reimagines the iconic “Anne of Green Gables.” Players can enjoy a housing system to decorate the Green Gables interior and garden, collect costumes for Anne, and engage with others through interactive club content.
