BrownDust2 makes its first US appearance at San Diego Comic Con!

SOUTH KOREA – July 17, 2025 – Popular mobile RPG *BrownDust2* launches Story Pack 18, “Salvation,” which follows the events of Story Pack 17, “Path of Trials.” Set in the Cocytus Dark Shrine, the story follows Justia and her companions as they set out after Azir, who has seized the Dragon's Adeline.

Join their pursuit and unveil fragments of memories through Azir. Meet new character Olivier, a Valkyrie serving Frellea and ensnared by Azir's recollections. Kalien and Azir are featured in this chapter, further enriching the story and combat experience. Players can unlock a new costume and exclusive gear for Olivier throughout the update.

A new season event titled Going Home will run through Thursday, July 31. Focusing on Olivier, the event follows her journey to the Fairy Kingdom. Players can participate in Normal Battles or opt for the more demanding and strategic Challenge Battles. The Going Home event shop is also open, offering a variety of items available for purchase during the event period.
