

## NEOWIZ Launches Global Pre-Registration for *Cats & Soup: Magic Recipe*

*Pre-registration for the official sequel to Cats & Soup is open on Google Play and App Store, with rewards including the Sakura Shorthair cat, and launch scheduled for late April*

**SOUTH KOREA – March 19, 2026** – NEOWIZ today announced that global pre-registration is now open for its healing mobile idle game, *Cats & Soup: Magic Recipe*. The new title draws from the popular IP of the relaxing idle mobile game *Cats & Soup*, which has reached 80 million downloads globally.

“*Cats and Soup: Magic Recipe* is an official sequel that maintains the unique, cute and warm sensibility of the original while adding new gameplay mechanics and content,” said a NEOWIZ representative. “We look forward to players around the world soon experiencing this new story with adorable cats.”

Building on the universe of the fan-favorite mobile hit, players can collect Wishing Stars through Merge gameplay to build a cozy shared house. A key feature lets players experience the cheerful, cozy daily lives of cats in shared houses, offering a purr-fect glimpse into their cute, whisker-filled world.

The global pre-registration for *Cats & Soup: Magic Recipe* is taking place in most countries, excluding the United States, Canada, the United Kingdom, and Indonesia, where the soft launch is currently underway. Users in regions excluding China, Vietnam, and Russia can pre-register starting today via the [Google Play Store](#) and the [Apple App Store](#).

Users who participate in the pre-registration will receive the meow-velous Sakura Shorthair, a beloved cat from the original *Cats and Soup*, as a reward. Additionally, various items such as the in-game paid currency Gems and Energy will be granted, and players can also acquire costumes suitable for the Sakura Shorthair cat through additional events.

*Cats and Soup: Magic Recipe* will be officially released globally in late April and will support various languages, including English, Spanish (Latin America), Chinese (Simplified and Traditional), Japanese, and Korean.
