The action Soulslike and expansion hit 3 million units less than one year ago, sustaining strong momentum on the path to the 4 million milestone

SOUTH KOREA – March 19, 2026 – *Lies of P*, the critically acclaimed Soulslike, has reached another notable milestone, as the title officially crossed 4 million cumulative units sold globally. Developed by ROUND8 Studio and published by NEOWIZ, *Lies of P* and its DLC expansion, *Lies of P: Overture*, continue their strong growth trajectory and position in the global market.

“Reaching this milestone is an incredibly meaningful moment for the *Lies of P* team,” said NEOWIZ Representative. “The enthusiasm and passion the global community has shown for this title continues to inspire us, and we’re grateful to see players around the world discover and embrace our dark, reimagined take on Pinocchio’s story.”

Launched in September 2023, *Lies of P* is a single-player action RPG in the Souls-like genre, set in the late 19th-century Belle Époque era. A unique world adapted from the classic Italian tale 'Pinocchio,' the title features realistic graphical depictions of highly detailed characters and backgrounds, as well as excellent action gameplay.

Lies of P: Overture, released in June 2025, is the dramatic prequel that transports players back to the city of Krat in its final days of haunting late-19th-century Belle Époque beauty. Audiences will experience untold stories and chilling secrets that shape the past and future of *Lies of P*, while unlocking an arsenal of weapon combinations and Legion Arms that provide unprecedented freedom to forge unique combat styles.

The beloved Soulslike *Lies of P* and its expansion *Lies of P: Overture* continue to receive strong recognition from both players and critics.
