Infused with a lore-rich narrative and beautifully hand-drawn 2D graphics, *Nine Sols* is an action-platformer featuring a *Sekiro*-inspired deflection focused combat system. The game is set in an Eastern fantasy realm and follows a vengeful hero's quest for revenge against the 9 Sols, the formidable rulers who dominate an abandoned world that was once home to a thriving ancient alien race.

SANABI has received widespread acclaim from players globally for its stylish world, compelling narrative and striking 2D visuals. Its quality has also been recognized both domestically and internationally through major awards, including the Indie Game Award at the 2022 Korea Game Awards and the Best Action-Adventure Game at the 2024 ChinaJoy Indie Game Development Awards. In addition to the Steam discounts, new players can also enjoy *SANABI: A Haunted Day*, a free prequel DLC that follows Major Song during her time serving in Uigeumbu No. 12.
