

**BECOME YOUR HERO IN THE DIGITAL ARENA
DICE THRONE DIGITAL COMING TO iOS, ANDROID, META
QUEST (MIXED REALITY), AND STEAM**

*Dice Throne Digital to Feature Cross-platform Play;
Coming to Kickstarter April 14, 2026*

SPOKANE, Wash. – February 5, 2026 – [Dice Throne](#), creators of the smash-hit dice-and-card battle game, and indie game studio Nerd Ninjas today announced that ***Dice Throne Digital*** will launch on **iOS, Android, [Steam](#), and [Meta Quest](#) (Mixed Reality)**. Built for modern, connected play, *Dice Throne Digital* will feature full cross-platform play from day one, letting players battle friends across mobile, Steam, and Meta Quest, no matter where they roll. The project's Kickstarter campaign debuts **Tuesday, April 14, 2026**.

Dice Throne Digital brings *Dice Throne*'s long-envisioned digital experience to life, preserving the strategy and excitement of the tabletop game while unlocking new ways to play, including cross-platform play. First launched in 2017, *Dice Throne* is a fast-paced, strategic battle game where players step into the boots, robes, or armor of unforgettable Heroes. Every die rolled and card drawn can flip the script, creating nail-biting turns, huge momentum swings, and nonstop replayability. Just like the tabletop version, *Dice Throne Digital* will feature *Dice Throne*'s iconic Heroes, and will be easy to learn and hard to put down, whether players are squeezing in a quick duel or settling in for an all-out showdown.

“Since our first humble Kickstarter in 2017, Dice Throne has amassed an incredible, thriving tabletop community, and we’ve been counting down the days until we could bring that same high-energy experience to digital,” said **Nate Chatellier**, co-creator of Dice Throne and founder/CEO of Nerd Ninjas. “*Dice Throne Digital* has been a dream since the very beginning, and we can’t wait for players to get their hands on it. From the beginning of development, one of our top priorities was cross-platform play. It is important to us that players can take their favorite Heroes and battle on mobile, PC or even Meta from day one.”

Dice Throne Digital is coming soon to Kickstarter! Details on launch timing, game modes, and exclusive incentives for backers will be announced in April. To be amongst the first to learn more, sign up on the [Dice Throne Digital Kickstarter](#) page and join the official [Dice Throne Discord](#).

About Dice Throne

Dice Throne is a fast, fun, and approachable dice-and-card combat game featuring a roster of unique Heroes and quick tactical showdowns. First launched in 2017, it has become a globally enjoyed tabletop franchise known for easy-to-learn gameplay with surprising strategic depth and high replayability.

About Dice Throne Digital
